### HEAVY GAINS IN PASSENGER TRAVEL

Railroad Officials State That World's Fair Business Has Exceeded Their Expectations and Continue to Increase.

Before the opening of the Fair, and even in the first two weeks, many local passenger men entertained pessimistic opinions as to the amount of travel to St. Louis in the early summer months, but since the first of June all of these doubts have vanished.

Without an exception passenger officials state that the business this month has not only exceeded their expectations, but

not only exceeded their expectations, but shows evidence of heavy increase. Especially is this true of the Chicago-St. Louis lines.

The lilinois Central, Chicago and Alton and Wabash each have four daily trains hetween St. Louis and Chicago, and to accommodate this traffic it is frequently necessary to run one or more of these trains in sections on Tuesdays and Thursdays, when the coach excursion rates are in effect, \$6 for the roun, trip, the traffic is extraordinarily heavy, and almost all of the trains are in two sections.

the traile is extraordinarily heavy, and almost all of the trains are in two sections.

With twelve trains going to and twelve coming from Chicago every day several of the passenger men were afraid that their roads would lose money, but not only have large earnings been made on the special rates, but the number of one-way tlekets sold exceed the number sold in June, 1903, proving conclusively that whenever possible the traveling public will visit St. Louis.

So heavy has been the travel from Chicago that an official of one of the Chicago St. Louis lines expresses the opinion that the travel from Chicago to St. Louis this year will be greater than the travel from all of the States of the Union combined, with the exception of Missouri, Illinois, Kansas and Texas.

What is true of the Chicago-St. Louis traffic is equally true of the Kansas City traffic, which is exceptionally heavy, as is the passenger traffic on the Southwestern and Eastern lines, as well as the railroads leading to the South.

Passenger representatives of the B. & C. S-W. Vandella, Big Four, Southern, Mobile and Ohlo, Missouri Pacific, Frisco, Burlington and other lines leading to St. Louis, all unite in the statement that the passenger travel is surpassingly good, and from all indications will be better.

HUNTINGTON ALSO RESIGNS.

With Hawley Severs Connection With Southern Pacific.

New York, June 23 .- H. El Huntington has tendered his resignation as vice president of the Southern Pacific Railroad Company. So far as known no action has yet been taken on the matter. It is un-derstood that Mr. Huntington will remain derstood that Mr. Huntington will remain a director in the system.

Marvin Hughit, president of the Chicago and Northwestern and a director of the Union Pacific Hailroad, has been chosen to succeed Edwin Hawley, whose resignation as director and member of the Scuthern Pacific Executive Committee, has just been announced. This selection is considered an important development in the railroad world.

Friends of Mr. Hawley understand that he also proposes severing his connections with several financial institutions of this city, and in the future will direct his attention and conjecutrate his operations in those railroad properties in which he is largely interested.

WILL CHANGE DELEGATES TICKETS

St. Louis Lines Agree to Plan for Convenience of Visitors. At a meeting of the Executive Commit-

tee of the St. Louis Passenger Agents' Association yesterday it was decided that all tlokets held by delegates and alternates to the Republican National Convention with be honored from St. Louis free of charge and changes will be made upon presentation of the ticket to the passenger office of the company over which it is to be used.

ased.
All of the St. Louis lines, including the B. & O. S.-W., Vandalla, Pennsylvania, Big Four, which cover the Vanderbilt lines, are party to this agreement. Will Choose Officers To-Day.

The convention of the National Order of Rallway Clerks, now the Brotherhood of Rallway Clerks of the United States, Canada and Mexico, which has been in session at the Fraternal building, Eleventh street and Franklin avenue, since Monjay, completed its routine work yesterday, and after the election of national officers this morning will adjourn. An effort has been made by the International Association of Rallway Clerks to amalgamate the two orders, but the movement has falled because of the fact that the association requires as a condition to the union that the National Order of Rallway Clerks ally iself with the American Federation of Labor. A committee has been appointed to make an effort to bring about a union without alliance with the Federation of Labor. This committee will give its final report this morning. The convention of the National Order of

Viaduct Through Long Island. New York. June 24—A franchise has been granted by the Rapid Transit Commission to the New York Connecting Railroad Company for building a viaduct railroad through Long Island City to the East River at a point opposite Oxford, thence by means of a bridge to pass over Ward's and Randall's Islands to Join the New Haven and Hartford system at Mott Haven.

Why is a train called "She"? Example: "The Katy Flyer" and "The Katy Fair Special."

### ST. LOUIS COUNTY NOTES.

-Emma Schleuter was granted a decree of divorce from Edward Schleuter yester-day by Judge McElhinney in the Clayton Circuit Court on a charge of indignities, and the custody of their 6-months-old son. The couple were married July 19, 1902, and separated March 25, 1903.

The will of John J. Meyers was filed in the Probate Court in Clayton yesterday. He devised his realty, consisting of 42½ acres, to his wife, his farming utensits to his son, J. George Meyers and the re-mainder of his estate to his wife, who was made executrix without bond. made executrix without bond.

The Vacant Lot Committee of the Civic Improvement League has found that the Supreme Court of Missouri has settled the constitutionality of the city ordinances, which makes it a misdemeanor for any owner, lessee or agent having charge of vacant lots to allow weeds over one foot high to grow thereon. The penalty is not less than \$10, nor more than \$100. No notice is required, and proceedings may be begun upon the report of the impector or complaint of any citizen.

The committee, which is composed of Inspector or complaint of any citizen.

The committee, which is composed of Doctor William Short, chairman; W. R. Donaldson, Jr., S. B. Sheldon, Trescott F. Chaplin and W. L. Nichols, calls attention to the fact that there are in the West End many lots adjoining street car lines, where the weeds are three to four feet high, in plain view of visitors to the Fair, and urges property owners to interest themselves and try to have this nuisance abated, so that these visitors may be impressed with the beauty and clean-liness of St. Louis.

DRAWS ELECTRIC SPARKS

Novel Treatment of Great Value in Curing Patients Even in Last Stage.

REPUBLIC SPECIAL Washington, June 3t.—The following ex-tract from a report just received at the Department of Commerce and Labor from United States Consul Haynes at Rouen,

back.
"During this time sparks could be drawn from any part of his body. This finished, the patient inserted the small end of a conical-shaped tube in his mouth. Into this tube was put a little broom previously dipped into the necessary medicaments for the healing of the lungs or whatever organism was attained, and through it, the man's body and the X-ray globe in the rear went the electric current, carrying with it the medicinal "ions" from the broom.

"The doctor gave me authentic addresses of those who have been cured by him, and from what I can see and learn great good to science and humanity would result from his work if he were backed sufficiently financially." Don't Look Old

Before your time. Bring back the fresh-ness of youth to your complexion. Laxa-uve Boro Pepsin will do it. Cleanses the entire system. All Druggists, 25 cts. per

FROM CONSUMPTIVE'S BODY.

Doctor Canu of Ronen Discover

United States Consul Haynes at Rouen, France, announces:

"A novel cure for consumption has recently been discovered by Doctor Canu, 48 Rue Fontenelle, Rouen. At the doctor's invitation, I visited his consultation-rooms a few days ago and saw his method.

"A patient entered whom physicians had said two months before could not live ten days longer. He had been under Doctor Canu's treatment for six weeks, and was gaining in appetite, weight and strength.

"He was first placed upon the operating table, where the usual saline solutions were injected. Afterwards he was seated upon an insulated table and electricity passed through him for some minutes by attaching the poles to metallic plates which had been fastened to his breast and back."
